

Thame Hedgehog Highways Project

Neighbour Survey

Hi, my name is _____ and I live at _____
and I am a Thame Hedgehog Street Champion.

I am part of a Thame-wide project to enhance the environment for hedgehogs living in and around Thame by encouraging everyone to connect their gardens, make their gardens hedgehog friendly and to provide food, water, and shelter for the hedgehog visitors.

The aim of the project is to connect as many gardens as possible around Thame so that hedgehogs have more access to the environments they need to thrive by providing water, shelter, and a food source.

As a hedgehog street champion, I can help with:

- Advice on making your garden more hedgehog friendly
- Get help with making holes or access into gardens
- Design of shelters or hedgehog houses

We would like people to talk to their neighbours about how to extend the hedgehog highways through their gardens. Remember, hedgehogs need to be able to get into your garden as well as move between gardens through any form of access, be it a gap in a fence or hedge.

You do not necessarily need to cut a hole in your fence; a gap or tunnel under the fence or gate will do to. If there is a gap of at least 13cm in diameter any type of hole will do.

The Thame Hedgehog highways group is trying to plot as many known hedgehog access routes as we can with the ambition to connect 1,000 gardens in the first phase of the project.

Please can you fill in the slip at the bottom of this page and post it back to me.

If you would like to be involved in the Thame Hedgehog Highways Group, please let me know.

Thank you

Please cut the slip on the line below
